

Sullivan County Rural Electric Cooperative, Inc.

Easement Acquisition Compliance Statement

In order for Sullivan County REC to construct and maintain facilities for your new service, service modifications, line relocation, etc. easements are required from all affected property owners prior to Sullivan County performing any work. When it is necessary to acquire easements from adjacent property owners in order to install / relocate electrical facilities for your project, it is your responsibility to determine what property owners are required to sign easements and obtain those easements. If you do not know who owns the adjacent properties this information is available from the county assessment office.

The following compliance statement must be signed acknowledging your responsibility for completely investigating what easements are needed, certifying that all easements needed have been obtained and listing the landowner easements secured.

I / We understand that Sullivan County REC is relying on the information provided herein and we specifically agree to hold Sullivan County REC harmless and indemnify Sullivan County REC for any action they take on our behalf.

I / We _____, hereinafter referred to as "Requestor" have requested electric service / service modifications in _____ Township, _____ County and acknowledge and affirm the following:

1. Requestor is solely responsible to obtain ALL required easements from any affected landowners necessary to provide the requested service / work.
2. Requestor is responsible for performing all necessary research and investigations including searches of county records necessary to determine each and every landowner from whom an easement is necessary for the requested service / work.
3. Requestor declares that to the best of his / her knowledge and understanding easements are required from the following landowners. *(include your property in the list below).*
